PRODUCT SPECIFICATION SHEET

PRODUCT NAME: BLUE DOUBLE FOAM SQUEEGEE

Black Cat LEVER-LOCK BLUE DOUBLE FOAM SQUEEGEE

PRODUCT DESCRIPTION:

Black Cat Blue Foam Double Squeegees are constructed of two 3/8" medium density closed cell foam blades. "Microbe Spiker" is embedded w/anti-microbial agents in the entirety of foam. Blades do not lose potency with use. The frame is constructed of 16-gauge plated steel. Each blade extends beyond the frame to reduce accidental scraping. Attaches to the Black Cat Lever-Lock Handle for quick and easy attach and detachment. User does not have to touch wet squeegee. Available in 18 & 24 inch lengths.

APPLICATIONS:

Wet or dry surfaces. Destroys 99.9% of surface microbes. Great for restaurants and food service.

Features:

- Destroys 99.9% of surface microbes
- Frame constructed of 16-gauge plated steel
- Lever-Lock Quick Change Attachment
